OUR *expertise*

CORPORATE GOVERNANCE

//07

We help our clients conduct business in accordance with applicable laws and regulations to minimise operational and regulatory risks and to promote integrity and ethical business practices, self-auditing and voluntary disclosure. We help in drafting a compliance program that embeds compliance culture, enhances adherence to ethical standards, and contributes to the detection, prevention and remediation of non-compliance.

Our services in relation to compliance and corporate governance start with initial assessment and overview of the client's corporate structure and business processes as a step amongst others towards the establishment of sound compliance policies and procedures that provide consistent and effective processes to identify, assess, manage, report, review and monitor compliance obligations.

Our legal consultancy services include:

- Employment and benefits
- Real estate
- Corporate and M/A
- Banking and finance
- Islamic banking
